Park Ceremony Recognizes International Holocaust Remembrance Day

The Gerald R. Ford Chapter of Mensch Foundation International will hold its eighth annual International Holocaust Remembrance Day ceremony on Friday, January 27, at 11:30 a.m. at Palm Desert's Civic Center Park.

More than a decade ago, the United Nations General Assembly designated January 27, the date that the Auschwitz concentration camp was liberated in 1945, as International Holocaust Remembrance Day. It is an annual day set aside to remember the Holocaust's many victims, celebrate those who survived, and remind the world to never forget what happened.

The Palm Desert event will include a variety of musical performances and speakers including special guest Géza Röhrig, the Hungarian poet and actor who played the character Saul in the Academy Award-winning film *Son of Saul*. A remembrance walk from the park amphitheater to the nearby Palm Desert Holocaust Memorial will serve as a moving conclusion to the program.

Pull to the Side For Emergency Vehicles

Palm Desert's Police and Fire departments would like to remind all drivers to **PULL TO THE RIGHT AND STOP** when an emergency vehicle approaches with

flashing lights and sirens. Failure to do so can delay emergency responders when seconds count and lives are at stake.

Palm Desert's public safety professionals offer the following safe driving tips

for yielding to emergency vehicles. If you hear a siren or see flashing lights:

- Pull to the right as soon as you are safely able to do so. Slow down and come to a complete stop.
- Wait for emergency vehicles to pass before re-entering the roadway.
- Make sure all emergency vehicles have passed.
- Do not stop on the left side of the roadway.
- Do not stop in the middle of the road.
- Do not pull into an intersection on a red light.
- Do not block the intersection.
- Do not race ahead to make the green light or turn before the emergency vehicle gets there.
- If the operator of the emergency vehicle requests you to move in a certain direction via the public address system, please do so immediately.
- Most important of all, do not panic.

If you or your loved ones are ever in need of assistance from public safety responders, you will not want help to be delayed because a driver failed to yield the right of way to an emergency vehicle. Please do your part to help someone else in need.

Remember **Rules of the Road For Golf Carts**

Golf cart drivers may only operate golf carts on public streets during the time period between one hour prior to sunrise and one hour after sunset.

In addition, they must have a valid driver's license and observe the same rules of the road as automobiles. The valid driver's license requirement means that **golf cart drivers must be at least 16 years old**. Underage drivers can pose a serious safety risk to the public and to themselves.

Overcrowded carts that contain too many occupants is another common and dangerous violation. If there are only two seats in the golf cart, there should only be two people in it.

Golf carts with valid City permits are the only carts that are allowed to use the designated golf cart routes, lanes, and paths that crisscross the community.

Palm Desert adopted its pioneering Golf Cart Transportation Program more than two decades ago, giving residents the freedom to use their golf carts as a convenient and environmentally friendly way to get around town.

Today, many residents take advantage of the program and use golf carts for travel on streets in Palm Desert with a speed limit of 25 miles per hour or less. Some golf cart drivers, however, are unaware of the guidelines for their use, and could be placing themselves and others at risk.

To be permitted, golf carts must be electrically powered, conform to industry standards for manufactured golf carts, and provide an unobstructed view to the rear from the driver's seat. They must also be equipped with many of the same safety features as cars and other passenger vehicles, including seat belts for all occupants, turn signals, side and rearview mirrors, as well as head, tail, and brake lights.

To obtain a City permit, the golf cart must first be inspected by a Palm Desert code enforcement officer to confirm that the cart meets the requirements. A \$10 permit can only be purchased after the cart passes inspection. Permits are valid for two years and can be purchased from the Business License counter at City Hall, 73510 Fred Waring Drive.

For more information and to get your cart inspected, please call 760-346-0611, ext. 477.
